

2019-2020

Math I & IV
Mrs. Perreault
Room 904
sperreault@almasd.net
479-652-8044

Book: Glencoe Algebra I or Geometry – they will stay in the room unless you have missed work (for whatever reason) and you will need to sign one out to take home or I can make copies. All can be worked out.

Grading: Standard, non-weighted scale – possible components are:

- Class Work – randomly collected at end of class and graded
- Bellwork – sometimes collected and graded **Often after I've corrected it first with the class
- Tests – Depending on content, there are some chapter tests or content tests
- Quizzes – Section or Chapter quizzes, pop quizzes DO HAPPEN!!!
- Projects – might be given on occasion depending on the class

Make-Up Work: unless I tell you otherwise, you owe all the work you missed while not in class

Notebook: You WILL BE expected to keep a composition notebook to organize notes in class. You will leave these in class. I have one for you.

Flexibility / Communication:

- Communicate to me when you need more / less time with a concept
- Communicate to me when you need time for other classes. This will not ensure a lot of time, but I will try to accommodate you depending on the situation.

Expectations:

- Be prepared
- Work and put in your best effort
- Complete your work in a timely manner
- Participate in all class assignments
- Act like the young adults that you are
- Follow the AHS handbook for general guidelines

Availability: Before and after school except for Tuesday PM and Thursday PM or as meetings pop up. Email is always a good way to get a hold of me. My conference hour is 2nd hour. I take C lunch.
